onference Report on the Indien Appro Passed. Proceedings of the House of Representatives

(By Telegraph.)

WASHINGTON, June 22.—Opponents of the annexation of Hawaii again occupied the attention of the Senate today. Air. White of California, resumed his speech begun yesterday, but after speaking twe hours yielded the floor to Mr. Pettigrew, of South Dakota, who discussed the resolutions for an hour and a half. Mr. White has not concluded his speech, Mr. Pettigrew taking up the argument against the resolutions merely to afford him an opportunity to rest.

The conference report on the Indian appropriation bill was presented to the Senate and read, but no effort was made to dispose of it. It was sharply criticized, however, and the inaccations are that its adoption will be contexted because of the elimination of the Senate free homestead amendment and treacknowledgment of the right, in certain circumstances and conditions, of Indians to lease mineral lands.

A joint resolution was passed authorizing the President of the United Stat is to Invite, through the proper channes the governments of England, France, Germany, Austria, Russia, Beignum, Switzerland, Mexico and Venezuela to send details of infantry, artillery and cavairy to this country to participate in a military jubilect to be held in Madison Square Garden, New York, by the trustees of the Red Cross Society of New York, The University of New York, By the function of the feduring the two weeks beginning December 26, 1898.

HOUSE OF REPRESENTATIVES.
WASHINGTON, June 22.—Today's session of the House was uneventful with the exception of a brief, but severe denusciation by Mr. Simpson (Populist), of Kansas, of Representative Grosventor's speech at the Ohio State Republican Convention. The criticised portion was relative to alleged failure of the Democrats and Populists to vote for appropriation bills succeeding the precipitation of the war and the original appropriation of \$50,000,000 for the national defense.

A bill incorporating the National Congress of Mothers was passed. It was called up by Mr. Linney (Republican), of North Carolina, and after, being read Mr. Moody (Republican), of Massachusetts, created a hugh by felgning ignorance of its provisions and asking Mr. Linney if there was anything consemplated by the bill or organization kindred to the artificial latching of chickens.

Mr. Linney assured him there was nothing of the kind in the bill

JACKSONVILLE, FLA., June 22.—It may be of comfort to some lowa, Wisconsin, New Jersey, Illinois, Virginia, North Carolina and Mississippi mothers to know that their sons, serving here in Camp Cuba Libre as members of the seventh army corps, United States volunteers, seem less likely to be sick than if they were at home, and are not in any sense suffering hardships. The Associated Press correspondent fust interviewed at random, tully two score privates, representing all the regiments. Not one complained. Then he saw a number of officers, who expressed decided satisfaction at their surroundings and supplies. Then Chief Surgeon Maus took the correspondent to the division hospital, pointing out with gratification, that the immates there numbered less than one per cent of the total rank and file. Dr. Mausy who is of the regular army and has no local prejudices, said the camp is ideal, the water supply perfect as to both quantity and quality and the cimpted of the total rank and file. Its session lasted less than two hours and most of that time was devoted to unseating a small minority of dissenters. After the contests were disposed of everything was unanimous and by acciamation. The delegates, after the convention perfected its permanent organization, were all Hanna men. The following nominations were made by acciamation:

Food and Dairy Commissioner—Josiah B. Blackburn.

While in such full sway there were some who wanted to remove Charles L. Kurtz as the Ohlo member of the Republican National Committee, but Senator Hanna's closest friends prevented even consideration of such action. During the recent legislative investigation Cyrus Huling and H. M. Daugherty were the attorneys of Senator Hanna. Huling was today made chairman of the state central committee and Daugherty is slated for the chairman-ship of the state executive committee and Daugherty is slated for the Chairman-ship of the state executive committee with R. To the friends and relatives of Ensign Rajdey, "whose noble young life was the first forfeit of the war," condoncers are sent. The election of Senator Hanna is approved.

The only reference to the state administration is contained in the last paragraph of the platform and is as follows:

Farmer Named Howlett Riddled With Bullets by a Mob. (By Teiegraph.)

RICHMOND, VA., June 22.—News of a lynching in Hillsville. Carroll county, has just reached here. Some weeks ago a farmer named Howlett had a land dispute with a neighbor named Allen and shot and killed him. Howlett was arrested and failed at Hillsville. Alonday morning, about 2 o'clock, a mob entered the fail and took possession of Howlett for the purpose of hanging him. Howlett, being a powerful man, resisted desperately, and finally the leader of the mob gave orders that he be shot. The order was obeyed and Howlett's body, after being riddled with bullets, was left lying in the jailyard. The mob then dispersed. Howlett shot Allen from a tree and it is said that public sentiment in Carroll justifies the lynching. The sherif had notice of the assembling of a mob Saturday night, concealed the prisoner there and thought the matter had blown over.
